Perspective Plan 2023-24

Our college is committed to imparting quality higher education and research, skill-oriented human resources and our plan is accordingly focused on these core objectives. The management of the institution envisions the development of infrastructure corresponding with the expected increase in student intake and courses. Improvingly the academic and support facilities for the students is one of the measures recognized by the management. The college strives to go ahead with this perspective plan helping as a roadmap for student achievements and the growth and development of the college.

Perspective Plan 2023-24

Our college is dedicated to imparting quality higher education and fostering research and skill-oriented human resources. With a focus on these core objectives, the institution's management envisions comprehensive development aligned with the anticipated growth in student intake and courses. Enhancing academic and support facilities for students remains a key priority, and the college strives to advance with this perspective plan serving as a roadmap for student success and institutional growth.

Core Objectives and Strategies for 2023-24

1. The college plans to address the recommendations provided by the NAAC peer team during the third cycle of assessment.
2. To introduce additional undergraduate (UG) and postgraduate (PG) courses on a self-financed basis to meet the needs of students.
3. The institution will focus on developing its infrastructure by creating more classrooms, additional laboratories, enhanced sports facilities, and a modern seminar hall to accommodate the growing student population.
4. The college intends to implement e-governance and digitize its academic and administrative processes to enhance operational efficiency.
5. The central library will be enriched with new textbooks, reference books, and resources to help students prepare for competitive exams.
6. Efforts will be made to renovate existing classrooms and laboratories, including improvements to roofing, flooring, and furniture.
7. The college seeks to promote research by organizing seminars, workshops, and other initiatives to foster a research-oriented culture.
