Annual Gender sensitization plan for safety and security of girls

The institution management takes utmost care in ensuring the safety and security of the girl students. In order to prevent untoward events and incidences of sexual harassment the whole campus has been brought under CCTV surveillance. Our campus lobbies, laboratories, library, gymnasium. etc. are all covered by C.C.T.V. cameras. The faculty members take great efforts moreover. The discipline committee is constantly alert for avoiding cases of harassment and the college has zero tolerance policy for the violation of such cases. Besides the college provides separate common room for the girls sick room and counseling if and when required.
